## MEDIA COVERAGE

Prepared by: Anima PR

# Key Highlights & Media Impact of the Event

The event witnessed strong visibility and strategic media engagement across top-tier platforms, reinforcing its significance and outreach:

- **Thought Leadership Amplified**

- ✓ Exclusive op-ed by Hon'ble Cabinet Minister published in Hindu Business Line
- ✓ Op-ed by Hon'ble Minister of State featured in Navbharat Times

- **High-Impact Media Interactions**

- ✓ Exclusive interviews of the Pharma Secretary with ET Now and ET Now Swadesh, ensuring wide broadcast reach and policy visibility

- **Strategic Content Dissemination**

- ✓ Curtain raiser press release generating pre-event buzz
- ✓ Day 1 press release capturing key announcements and participation
- ✓ Culmination press release highlighting outcomes and future direction

- **Media Coverage Overview**

The event achieved **robust and well-balanced media traction across platforms**, reflecting strong narrative penetration:

- **Print Coverage:** 14 placements in leading publications
- **Electronic/TV Coverage:** 15 features across prominent news channels
- **Online Coverage:** 110+ articles across digital media platforms

The integrated communication approach ensured **maximum visibility, strong stakeholder engagement, and effective positioning of the event as a key milestone in India's pharmaceutical landscape**. The widespread coverage across print, broadcast, and digital platforms significantly amplified the event's impact at both national and industry levels.

## 'India Pharma 2026' to drive India's transition to global innovation hub

🕒 April 11, 2026 👤 IANS 📁 HEALTH AND MEDICINE 💬 0

New Delhi, April 11 (IANS) Aligned with India's vision of emerging as a global pharma innovation hub, the 'India Pharma 2026' aims to accelerate the sector's transition from a volume-driven model to a value- and innovation-led global powerhouse, according to an official statement on Saturday.

The Department of Pharmaceuticals, Ministry of Chemicals and Fertilizers, is set to organise the 9th edition of India Pharma 2026, in association with FICCI and the Indian Pharmaceutical Alliance (IPA) on April 13-14 here.

The event will be inaugurated by JP Nadda, Minister of Chemicals and Fertilizers, and Anupriya Patel, Union Minister of State for Chemicals and Fertilizers.

According to the ministry, the conference serves as a platform for sectoral growth and international collaboration, focusing on India's pharmaceutical capabilities, research and development (R&D), and the resilience of global supply chains.

## DoP in association with FICCI & IP Alliance to organise 9th edition of India Pharma 2026 on April 13 & 14 in New Delhi

*Our Bureau, New Delhi*

*Monday, April 6, 2026, 09:00 Hrs [IST]*

The Department of Pharmaceuticals (DoP), along with the Federation of Indian Chambers of Commerce & Industry (FICCI) and Indian Pharmaceutical Alliance (IP Alliance), will be organising the 9th edition of India Pharma 2026, a flagship initiative aimed at promoting India's pharmaceutical sector, on April 13th and 14th, 2026, at Federation House, New Delhi.

This time, the theme of the event is "Discover in India: Leapfrogging life-sciences innovation," aligned with India's vision of becoming a global innovation hub. The theme emphasizes transformative advancements in life sciences that can enhance healthcare access, drive economic growth, and strengthen global health security, said FICCI announcing the event details.

"As the 'Pharmacy of the World', India has consistently proven its mettle in providing affordable, high-quality medicines to the world. The 2026 edition of India Pharma serves as a strategic catalyst to transition the Indian pharmaceutical sector from a 'volume-driven' model to a 'value-and-innovation-driven' global powerhouse," said the Federation.

The initiative is designed to highlight India's manufacturing excellence and its burgeoning R&D ecosystem. By bringing together global leaders, policymakers, and researchers, the event aims to foster an environment conducive to drug discovery, complex generics, and biosimilars.

## इंडिया फार्मा 2026 ने चार प्रमुख पूर्ण सत्रों के माध्यम से क्षेत्रीय बदलाव को प्रदर्शित किया

### इंडिया फार्मा 2026 में नीति, विनियमन, एआई और सीआरडीएमओ पर विशेष ध्यान दिया गया

प्रतिष्ठित तिथि: 13 APR 2026 8:34PM by PIB Delhi

नौवें इंडिया फार्मा 2026 के पहले दिन चार महत्वपूर्ण पूर्ण सत्रों का आयोजन किया गया, जिनमें नीति निर्माताओं, उद्योग जगत के नेताओं, नियामकों एवं प्रौद्योगिकी विशेषज्ञों ने भारत के औषधि एवं जीव विज्ञान पारिस्थितिकी तंत्र के भविष्य की रूपरेखा तैयार करने के लिए एक साथ मिलकर चर्चा की। इन चर्चाओं में नीतिगत समर्थन, नियामक परिवर्तन और अगली पीढ़ी की प्रौद्योगिकियों को अपनाकर नवाचार को तेज करने पर एक मजबूत सहमति बनी।

उद्घाटन पूर्ण सत्र का विषय “नवाचार को उत्प्रेरित करने के लिए नीतिगत दिशा-निर्देश” था जिसमें नीतिगत मंशा एवं जमीनी स्तर पर क्रियान्वयन के बीच के अंतर को पाटने की तत्काल आवश्यकता पर प्रकाश डाला गया। **श्री मनोज जोशी**, सचिव, औषधि विभाग ने अनुसंधान एवं विकास के लिए उद्योग-नेतृत्व वाले मॉडल पर बल दिया, साथ ही उन्होंने सरकारी प्रयोगशाला नेटवर्क को मजबूत करने के महत्व एवं नियामक मॉडल को यूरोपीय प्रणालियों के अनुरूप बनाने की आवश्यकता पर बल दिया। **श्री राजीव वहल**, सचिव, स्वास्थ्य अनुसंधान विभाग ने कहा कि हालांकि हाल के वर्षों में अनुसंधान वित्तपोषण में कई गुना वृद्धि हुई है लेकिन देश को नवाचारकों में बाजार का आत्मविश्वास और उद्योग एवं शिक्षा जगत के बीच बढ़े हुए विश्वास के साथ भारत

India Pharma 2026: "India well positioned to emerge as global leader in pharma": JP Nadda

ANI | Updated: Apr 13, 2026 18:58 IST

New Delhi [India], April 13 (ANI): The 9th edition of India Pharma 2026, the flagship event of the Department of Pharmaceuticals (DoP), Ministry of Chemicals & Fertilisers, commenced today in New Delhi.

According to the FICCI release, it was organised in collaboration with the Federation of Indian Chambers of Commerce and Industry (FICCI) and the Indian Pharmaceutical Alliance (IPA). The two-day conference (April 13-14) brings together key stakeholders from across the global pharmaceutical and healthcare ecosystem, with a strong focus on innovation, self-reliance, and global leadership.

Addressing the inaugural session virtually, Union Minister of Health & Family Welfare and Chemicals & Fertilisers, **JP Nadda**, emphasised that the platform reflects both the strength and growing global relevance of India's pharmaceutical sector.

He noted that while India has long been recognised as the "pharmacy of the world" due to its leadership in affordable generic medicines, the global landscape is now rapidly shifting towards biologics, biosimilars, and speciality medicines.

"In this evolving environment, India is well positioned not only to adapt but to emerge as a global leader," he stated.

Reaffirming the government's commitment to fostering innovation and strengthening research capabilities, he highlighted the recently launched Biopharma Shakti Initiative with an outlay of Rs 10,000 crore, aimed at advancing capabilities in biopharmaceutical innovation under the leadership of Prime Minister Narendra Modi.

He further underscored complementary initiatives such as the PRIP scheme for promoting research in pharmaceuticals and medical technology, which seek to deepen industry-

## India Pharma 2026: Government Pushes Shift from Generics to Biopharma Innovation

₹10,000 crore Biopharma Shakti initiative aims to boost R&D, biosimilars, and domestic capabilities in high-value pharmaceutical innovation

SDG 17: Partnerships for the Goals | SDG 3: Good Health and Well-being | SDG 9: Industry, Innovation and Infrastructure  
Department of Pharmaceuticals DoPs | Ministry of Chemicals and Fertilizers MoCF

The 9th edition of *India Pharma 2026* signals a strategic shift in India's pharmaceutical sector— from **large-scale generic production to high-value biopharmaceutical innovation**.

While India supplies **20% of global generics** and **70% of vaccines**, policy focus is now turning toward **biosimilars and specialty medicines**, which offer higher value and global demand.

### India Pharma 2026 showcases sectoral transformation through four key plenary discussions

*Policy, regulations, AI and CRDMO take centre stage at the flagship event of the Department of Pharmaceuticals*

By [IPP Bureau](#) | April 14, 2026

The first day of the 9th India Pharma 2026 witnessed four high-impact plenary sessions that brought together policymakers, industry leaders, regulators and technology experts to chart the future of India's pharmaceutical and life sciences ecosystem.

The discussions reflected a strong consensus on accelerating innovation through policy support, regulatory transformation and adoption of next-generation technologies.

The inaugural plenary session on "Policy Thrust for Catalysing Innovation", highlighted the urgent need to bridge the gap between policy intent and on-ground execution.

### India Pharma 2026 underscores policy momentum, innovation push, and self-reliance roadmap

*The two-day conference and exhibition features discussions on policy frameworks, AI-led drug discovery, next-generation technologies, and global competitiveness*

By IPP Bureau | April 13, 2026

India is well positioned to transition from the 'pharmacy of the world' to a global leader in biosimilars, biologics, and specialty medicines, stated the Union Minister of Health & Family Welfare and Chemicals & Fertilizers, JP Nadda while inaugurating the India Pharma 2026 in New Delhi.

The 9th edition of India Pharma, organised by the Department of Pharmaceuticals (DoP), in collaboration with the Federation of Indian Chambers of Commerce and Industry (FICCI) and the Indian Pharmaceutical Alliance (IPA), has brought together global pharmaceutical, policy, and healthcare stakeholders for a two-day dialogue centred on innovation, self-reliance, and India's global life sciences leadership ambitions.

### India Pharma 2026: From Generics Hub to Biologics & Biosimilars Innovation Leader

The Indian government is steering the pharmaceutical industry from its traditional strength in generics towards becoming a global hub for value-led innovations like biologics and biosimilars. Significant budgetary support and regulatory reforms, including strengthening the CDSCO, are being implemented to facilitate this transition. The plan emphasizes increased research and development, the application of artificial intelligence in drug discovery, and the creation of a skilled talent pipeline through new educational institutes. A unified digital platform is also planned to further streamline and support research and development efforts.

#### Key Points: India's Pharma Shift: From Generics to Value-Led Biosimilar Innovation

- ✔ Strategic shift to biologics & biosimilars
- ✔ Increased R&D and AI in drug discovery
- ✔ Regulatory reforms to streamline processes

IN FOCUS 

### India's Pivotal Role in the Evolving Global Pharma Landscape

Union Minister J P Nadda emphasizes India's strategic position in the changing global pharmaceutical scene, advocating for enhanced R&D, investment, and industry involvement. The government aims to foster innovation and support the sector through initiatives like Biopharma SHAKTI, strengthening domestic production and focusing on advanced medicines.

## फार्मा सेक्टर में रिसर्च, रोज़गार और विकास का नया दौर

भारत आज दुनिया की 'फार्मासी' के तौर पर अपनी पहचान और पुछा कर चुका है। प्रधानमंत्री नरेंद्र मोदी के विकसित भारत के विजन के अनुरूप अब हम जेनेरिक दवा बनाने वाले देश से आगे बढ़कर नवाचार आधारित वैश्विक शक्ति बनने की दिशा की ओर अग्रसर हैं। हमारी सरकार का उद्देश्य ऐसी नीतियाँ बनाना है, जिससे देश के सभी नागरिक को कम कीमत में गुणवत्तापूर्ण दवाएँ मिल सकें। सरकार निरंतर अनुसंधान और विकास को बढ़ावा देकर देश के फार्मा उद्योग को वैश्विक स्तर पर और अधिक प्रतिस्पर्धी बनाने के लिए प्रयासरत है।

अनुप्रिया पटेल

### रोजगार के नए मौके

भारत की अब तक की सफलता उसकी उत्पादन क्षमता, लागत दक्षता और गुणवत्ता मानकों पर आधारित रही है। विश्व की लगभग 20% जेनेरिक दवाओं और 60% वैक्सीन आपूर्ति के

साथ देश ने वैश्विक स्वास्थ्य सुरक्षा में एक महत्वपूर्ण भूमिका निभाई है। सरकार ने 8 से 10 बरसों में देश को उच्च-मूल्य, नवाचार-आधारित बायोफार्मा और उन्नत चिकित्सकीय उत्पादों का वैश्विक केंद्र बनाने का लक्ष्य रखा है। इसकी आधारशिला के रूप में बजट में घोषित 10,000 करोड़ रुपये की बायोफार्मा शक्ति पहल महत्वपूर्ण है। आंकड़े दर्शाते हैं कि फिलहाल, भारत का फार्मास्यूटिकल उद्योग 50 अरब डॉलर का है। जिस रफ्तार से हम आगे बढ़ रहे हैं 2030 तक इसके 130 अरब डॉलर तक पहुँचने की उम्मीद है। फार्मास्यूटिकल उद्योग 30 लाख से अधिक लोगों को रोजगार दे रहा है। 2030 तक हेल्थकेयर और फार्मा क्षेत्र में 20 से 25 लाख नए रोजगार सृजित होने की उम्मीद है। बायोफार्मा, मेडटेक और क्लॉनिकल रिसर्च जैसे उभरते क्षेत्रों ने संभावनाओं के नए द्वार खोल दिए हैं।

### रिसर्च-इनोवेशन को बढ़ावा

हमारी सरकार का मानना है कि युवाओं की सफलता की नींव एक मजबूत शैक्षणिक ढाँचे पर टिकी होती है। इसलिए

सरकार ने देश में तीन नए राष्ट्रीय औषधीय शिक्षा एवं अनुसंधान संस्थान (NIPER) स्थापित करने का निर्णय लिया है। इसके अलावा, अभी कार्यरत सात NIPER को अपग्रेड किया जा रहा है। इन सात संस्थानों में सेंटर ऑफ़ एक्सिलेंस की स्थापना की गई है, जो अनुसंधान और विकास को नई ऊँचाइयों पर ले जाएँगे। इन केंद्रों के माध्यम से विशेष क्षेत्रों में अनुसंधान को बढ़ावा दिया जा रहा है, NIPER मोहाली में एंटी-बायूरल और एंटी-बैक्टीरियल दवाओं की खोज एवं विकास, अहमदाबाद में मेडिकल डिवाइसेज, हैदराबाद में बल्क ड्रग्स, कोलकाता में फ्लो केमिस्ट्री और

सतत विनिर्माण, रायबरेली में नोबल ड्रग डिलीवरी सिस्टम, गुवाहाटी में फाइटी फार्मास्यूटिकल्स और हाजीपुर में बायोलॉजिकल थैरेप्यूटिक्स पर सेंटर ऑफ़ एक्सिलेंस स्थापित किए गए हैं।

इन संस्थानों का सीधा लाभ मारे छात्र केवल जाँब सीकर नहीं बल्कि जाँब क्रिएटर और इनोवेटर बनेंगे।

### उद्योग-अकादमिक साझेदारी

बदलते दौर में काम करने के तरीके बदल रहे हैं। 2030 तक फार्मा सेक्टर के 30-35% कार्यबल को रि-स्किलिंग यानी नए कौशल सीखने की जरूरत होगी। डेटा विश्लेषण, डिजिटल हेल्थ और नियामक मामलों में उच्च कौशल वाले युवाओं की माँग तेजी से बढ़ेगी। हमारी सरकार का ध्यान इसी रिस्किल गैप को भरने पर है। हम चाहते हैं कि हमारे छात्र क्लॉनिकल रिसर्च और अनुसंधान और विकास में विश्व स्तरीय प्रशिक्षण प्राप्त करें। शिक्षा और उद्योग के बीच की दूरी को कम करना हमारी प्राथमिकता है। इसके लिए उद्योग-अकादमिक साझेदारी को मजबूत कर रहे हैं। शिक्षा

और उद्योग के बीच तालमेल बिटाने के लिए NIPER और उद्योग के बीच 356 MOU पर हस्ताक्षर किए गए हैं।

### युवाओं के लिए रोजगार

कौशल विकास मिशन के जरिये छात्रों को सीधे कंपनियों के साथ जुड़ने के मौके दिए जा रहे हैं। इससे न केवल युवाओं की रोजगार क्षमता बढ़ेगी, बल्कि भारत एक ग्लोबल इनोवेशन हब बनेगा। औषधि क्षेत्र का विकास सकल घरेलू उत्पाद (GDP) बढ़ाने के साथ-साथ देश के युवाओं को सशक्त बनाने का भी एक मिशन है। हम एक ऐसा इकोसिस्टम बना रहे हैं जहाँ एक छात्र अपनी प्रतिभा और कड़ी मेहनत से वैश्विक स्तर पर बदलाव ला सके। भारत के औषधि क्षेत्र का यह स्वर्णिम युग हमारे युवाओं के लिए एक महत्वपूर्ण अवसर प्रस्तुत करता है, जो पीएम मोदी के विकसित भारत @2047 के विजन को साकार करने की दिशा में एक मजबूत आधार तैयार कर रहा है।

(लेखिका स्वास्थ्य एवं परिवार कल्याण और रसायन एवं उर्वरक मंत्रालय की राज्य मंत्री हैं।)

## India moving up the pharma value chain

India is steadily transitioning from a volume-driven generics hub to a high-value biopharma innovation leader

JAGAT PRAKASH NADRA

In the global pharmaceutical landscape, biologics, biosimilars and specialty drugs now account for over 40 per cent of pharmaceutical revenues. Long termed as the 'Pharmacy of the World' due to its leadership in generic medicines, India's pharma industry is now ready to shift gears from scale to innovation. The Government is driving a forward-looking policy framework to ensure that the country captures a greater share of these emerging segments while retaining its strengths in generics.

The announcement of the ₹10,000 crore Mission Biopharma Manufacturing SHAKTI in Budget 2026-27 marks a decisive step in this direction. It signals India's resolve to evolve into a global hub for biopharma innovation and high-value therapeutics over the next 8-10 years. This vision will be anchored in building deep scientific capabilities, fostering innovation-led enterprises, and enabling India to emerge as a leader in next-generation medicines.

The programme aims to accelerate domestic capabilities in biologics, biosimilars and advanced therapeutics. It complements the existing initiatives of the Department of Pharmaceuticals,

Department of Science & Technology and Department of Biotechnology like Promotion of Research and Innovation in Pharma MedTech Sector (PRIP), Research Development & Innovation Scheme, BioNEST, etc., aimed at promoting R&D in the life sciences sector including biopharmaceuticals. Together, these initiatives are designed to strengthen India's innovation ecosystem, promote industry-academia collaboration, and enable a transition from generic drugs to innovation driven drug discovery and development.

### DOMESTIC CAPACITY

A critical pillar of this strategy is the development of fermentation-based manufacturing capabilities. Despite its importance in manufacture of antibiotics, vaccines, enzymes, and biologics, this segment has long been import-dependent. By investing in infrastructure, facilitating technology development and transfer, and offering targeted incentives, India is working to build domestic capacity and enhance global competitiveness in this domain.

Equally significant is the expansion of India's clinical research ecosystem. One thousand accredited clinical trial sites that shall be set up would substantially elevate India's profile as a global drug development destination. With its cost advantages, and growing pool of skilled investigators, India offers unparalleled opportunities for efficient and high-quality clinical trials. At the same time, strengthening regulatory

**LOOKING AHEAD.** India can become a powerhouse in innovative medicines

frameworks and enhancing institutional capacities will further align India with global benchmarks, enabling faster approvals and fostering confidence among global stakeholders.

In the last few years, India has made rapid strides in localisation of Active Pharmaceutical Ingredients (APIs) and Key Starting Materials (KSMs), on the back of PLI and Bulk Drug Park schemes. This has helped reduce the price of drugs in the country, which are among the lowest in the world, and has been responsible for keeping the cost of healthcare affordable for the citizens. Pradhan Mantri Bhartiya Janaushadhi Pariyojana has expanded access to quality generic medicines at affordable prices, with over 19,000 Jan Aushadhi Kendras serving millions.

Complementary measures, including customs duty rationalisation on critical therapies such as cancer and rare disease drugs, are further improving access to life-saving treatments. As advanced

therapies become more widespread, ensuring affordability and equitable access will remain a central policy priority.

As the industry evolves, India aims to deepen its footprint not only in established markets but also in emerging regions, particularly in innovation-driven segments. Reforms are central to this transformation. Efforts towards regulatory harmonisation, digitalisation of approval processes, and faster clearances are improving ease of doing business. Strengthening quality standards and regulatory processes ensure continued global trust in Indian pharmaceutical products. However, increasing R&D investment remains a key challenge. Addressing this will require stronger public-private collaboration to sustain long-term innovation.

Looking ahead, the convergence of policy support, technological advancement, and market opportunity presents a unique growth window for the pharmaceutical sector. India's domestic market, already valued at over ₹4 lakh crore, is poised for steady expansion. Over the next decade, India is well-positioned to emerge not only as a leader in generics but also as a powerhouse in innovative medicines, fermentation-based products, and next-generation therapeutics.

## ‘R&D, investment push key for Indian drugmakers to lead globally’

*‘The govt continues to prioritise domestic manufacturing via PLI, bulk drugs scheme & bulk drug parks scheme’*

**NEW DELHI:** India is well placed to take a leading role in the evolving global pharmaceutical landscape, which is increasingly focused on biologics, biosimilars and specialty medicines, Union Minister J P Nadda said on Monday, stressing the need for stronger R&D, higher investment and deeper industry participation.

In a video message at the India Pharma 2026 event, Nadda, who holds the Chemicals & Fertilisers and Health & Family Welfare portfolios, said India has long been recognised as the “pharmacy of the world” due to its dominance in afford-

lead,” he said, reaffirming the government’s commitment to building a policy framework that supports innovation, strengthens research capabilities and promotes value-based growth.

Nadda highlighted that boosting research and development will be critical for the transition towards high-value innovation, backed by increased investments, stronger industry participa-

tion and effective public-private partnerships. He also cited initiatives such as the Rs 10,000-crore Biopharma SHAKTI programme aimed at strengthening the sector.

The government continues to prioritise domestic manufacturing through schemes like the production-linked incentive (PLI), bulk drugs scheme and the development of bulk drug parks to enhance self-reliance and resilient supply chains, he added.

Minister of State Anupriya Patel, also addressing the event, said the global generics model is under pressure and urged

Indian pharma companies to focus more on biosimilars, biologics and innovative drugs. She assured full government support to the industry.

Patel announced plans to restructure the Central Drugs Standard Control Organisation (CDSCO), including hiring over 1,500 scientific experts. A network of 1,000 clinical trial sites will also be established, alongside greater use of artificial intelligence in drug discovery and development.

“These steps will help position India as a preferred destination for drug discovery and development,” she said. **MPOST**

# भारत वैश्विक फार्मा सेक्टर में नेतृत्व करने को तैयार : नड्डा

नई दिल्ली, 13 अप्रैल (एजेंसियां)। केंद्रीय स्वास्थ्य और परिवार कल्याण मंत्री जेपी नड्डा ने सोमवार को कहा कि देश का फोकस अब बायोलाजिक्स, बायोसिमिलर्स

■ सरकार ने शुरू की है 'बायोफार्मा शक्ति पहल'

और स्पेशलिटी दवाओं पर है, जिसके चलते भारत आने वाले समय में वैश्विक फार्मा सेक्टर में नेतृत्व करने के लिए तैयार है।

जेपी नड्डा ने बताया कि सरकार ने हाल ही में 'बायोफार्मा शक्ति पहल' शुरू की है, जिसके लिए 10,000 करोड़ रुपए का प्रावधान किया गया है, जिसका उद्देश्य बायोफार्मा इनोवेशन (नवाचार) को बढ़ावा देना और रिसर्च क्षमताओं को मजबूत करना है। जेपी नड्डा ने पीआरआईपी स्कीम, प्रोडक्शन लिंकड इंसेंटिव (पीएलआई) प्रोग्राम और प्रधानमंत्री भारतीय जन औषधि परियोजना जैसी योजनाओं का जिक्र करते हुए कहा कि ये घरेलू उत्पादन बढ़ाने, सस्ती दवाओं की उपलब्धता और रिसर्च को बढ़ावा देने में मदद कर रही हैं। उन्होंने कहा कि

पीएलआई घरेलू उत्पादन बढ़ाने, सस्ती दवाओं की उपलब्धता और रिसर्च को बढ़ावा देने में मदद कर रही है : जेपी नड्डा

'इंडिया फार्मा 2026' इवेंट इस सेक्टर में संवाद, साझेदारी और भविष्य की रणनीति तय करने के लिए एक महत्वपूर्ण मंच है।

वहीं, केंद्रीय राज्य मंत्री अनुप्रिया पटेल ने कहा कि उद्योग को अब इनोवेशन-आधारित सेगमेंट्स पर ज्यादा ध्यान देना होगा, क्योंकि वैश्विक फार्मा बाजार के करीब 87 प्रतिशत हिस्से में इनोवेटिव दवाओं का योगदान है।

उन्होंने आगे कहा कि भारत अब सिर्फ जेनेरिक दवाओं का लीडर नहीं रह गया है, बल्कि तेजी से बायोफार्मा इनोवेशन हब के रूप में उभर रहा है। उन्होंने बताया कि भारत वैश्विक स्तर पर करीब 20 प्रतिशत जेनेरिक दवाओं की सप्लाई करता है और दुनिया की

पीयूष गोयल ने की ओमान से द्विपक्षीय व्यापार व निवेश बढ़ाने की चर्चा

नई दिल्ली। केंद्रीय मंत्री पीयूष गोयल ने ओमान के वाणिज्य, उद्योग और निवेश प्रोत्साहन मंत्री अनवर बिन हिलाल बिन हमदौन अल जाबरी से फोन पर बातचीत की और इसमें दोनों देशों के बीच द्विपक्षीय व्यापार और निवेश बढ़ाने पर चर्चा हुई। गोयल ने सोशल मीडिया प्लेटफॉर्म 'एक्स' पर कहा कि ओमान के वाणिज्य, उद्योग और निवेश प्रोत्साहन मंत्री महामहिम अनवर बिन हिलाल बिन हमदौन अल जाबरी के साथ फोन पर बातचीत की। उन्होंने आगे लिखा कि इस दौरान दोनों देशों के आपसी विकास के लिए द्विपक्षीय व्यापार और निवेश संबंधों को बढ़ावा देने हेतु भारत-ओमान सीईपीए के तहत अवसरों का लाभ उठाने पर चर्चा की गई। भारत और ओमान के बीच व्यापक आर्थिक साझेदारी समझौता (सीईपीए) 18 दिसंबर 2025 को साइन हुआ था और दोनों देश इसे जल्द-जल्द लागू करने की दिशा में काम कर रहे हैं। इससे भारत के निर्यात विविधीकरण को मजबूती मिलेगी और आपूर्ति श्रृंखलाएं भी मजबूत होंगी।

लगभग 70 प्रतिशत वैक्सीन की मांग पूरी करता है, जो देश की मजबूत मैनुफैक्चरिंग क्षमता को दर्शाता है।

भविष्य की संभावनाओं पर बात करते हुए उन्होंने कहा कि बायोलाजिक्स और बायोसिमिलर की वैश्विक मांग तेजी से बढ़ रही है और 2030 तक यह बाजार 75 अरब डॉलर तक पहुंच सकता है। उन्होंने

आईआईआटी और एनआईपीईआर जैसे प्रमुख संस्थानों के जरिए रिसर्च और इनोवेशन को बढ़ावा देने पर जोर दिया।

दोनों मंत्रियों ने फार्मास्यूटिकल्स विभाग (डीओपी) द्वारा एफआईसीसीआई और इंडियन फार्मास्यूटिकल एलायंस के सहयोग से आयोजित दो दिवसीय सम्मेलन 'इंडिया फार्मा 2026' के 9वें संस्करण में भाग लिया।

## वैश्विक फार्मा परिदृश्य का नेतृत्व करने के लिए तैयार है भारत : नड्डा

ब्यूटो | नई दिल्ली

**यह मंच देश के फार्मास्युटिकल क्षेत्र के महत्व को दर्शाता है**

सम्मेलन के उद्घाटन सत्र को वर्चुअल माध्यम संबोधित करते हुए केंद्रीय मंत्री नड्डा ने कहा कि यह मंच भारत के फार्मास्युटिकल क्षेत्र की मजबूती और वैश्विक स्तर पर बढ़ते महत्व को दर्शाता है। उन्होंने फार्मास्युटिकल्स और चिकित्सा प्रौद्योगिकी में अनुसंधान को बढ़ावा देने के लिए पीआरआईपी योजना जैसी पूरक पहलों पर भी जोर दिया, इनका उद्देश्य उद्योग-अव्यवहारिक सहयोग को गहरा करना और नवोन्मेष उपचारों के विकास में तेजी लाना है। घरेलू विनिर्माण को मजबूत करना एक प्रमुख प्राथमिकता बनी हुई है, जिसे उत्पादन से जुड़ी प्रोत्साहन (पीएलआई) योजनाओं और लोक औषधि पार्कों के विकास जैसी योजनाओं द्वारा समर्थित किया जा रहा है ताकि आत्मनिर्भरता और लचीली आपूर्ति श्रृंखलाओं को बढ़ावा दिया जा सके। नड्डा ने कहा कि इंडिया फार्मा 2026 इस क्षेत्र के लिए संवाद, साझेदारी और भविष्योन्मुखी रोडमैप को बढ़ावा देने के लिए एक महत्वपूर्ण मंच है।

केंद्रीय रसायन एवं उर्वरक मंत्री जेपी नड्डा ने कहा कि किफायती जेनेरिक दवाओं के क्षेत्र में अग्रणी होने के कारण भारत को लंबे समय से 'विश्व फार्मेसी' के रूप में मान्यता प्राप्त है, वहीं वैश्विक परिदृश्य अब तेजी से बायोलाजिक्स, बायोसिमिलर्स और स्पेशलिटी मेडिसिन्स की ओर अग्रसर हो रहा है। इस बदलते परिवेश में भारत

वैश्विक नेता के रूप में उभरने के लिए अच्छी स्थिति में है। रसायन और उर्वरक मंत्रालय के औषधि विभाग (डीओपी) द्वारा आयोजित इंडिया फार्मा 2026 के नौवें संस्करण की सोमवार को राष्ट्रीय राजधानी में शुरुआत हुई। फिक्की और

इंडियन फार्मास्युटिकल अलायंस (आईपीए) के सहयोग से आयोजित इस दो दिवसीय सम्मेलन में वैश्विक औषधि और स्वास्थ्य सेवा क्षेत्र के प्रमुख हितधारक नयाचार, आत्मनिर्भरता और वैश्विक नेतृत्व पर विचार विमर्श करेंगे।

## आरएंडडी को मजबूत करना, निवेश बढ़ाना भारतीय दवा कंपनियों को वैश्विक नेतृत्व दिलाने में अहम: नड्डा

नई दिल्ली, (भाषा)। केंद्रीय मंत्री जे. पी. नड्डा ने सोमवार को कहा कि वैश्विक औषधि परिदृश्य में बायोलॉजिक, बायोसिमिलर और विशेष दवाओं पर बढ़ते जोर के बीच भारत अग्रणी भूमिका निभाने की बेहतर स्थिति में है। इसके लिए अनुसंधान एवं विकास (आरएंडडी) को मजबूत करना, निवेश बढ़ाना और उद्योग की भागीदारी को गहरा करना महत्वपूर्ण होगा। इंडिया फार्मा 2026 कार्यक्रम में वीडियो संदेश के जरिये रसायन व उर्वरक तथा स्वास्थ्य एवं परिवार कल्याण मंत्री नड्डा ने कहा कि भारत ने वर्षों से सस्ती जेनेरिक दवाओं के जरिये दुनिया की फार्मैसी के रूप में पहचान बनाई है। उन्होंने कहा, हालांकि, आज वैश्विक दवा परिदृश्य तेजी से बदल रहा है जिसमें बायोलॉजिक्स, बायोसिमिलर्स और विशेष दवाओं पर अधिक जोर दिया जा रहा है। इस बदलते माहौल में भारत न केवल इसे अपनाने बल्कि अग्रणी भूमिका निभाने की स्थिति में है। मंत्री ने नवाचार को बढ़ावा देने, अनुसंधान क्षमताओं को सुदृढ़ करने और मूल्य-आधारित वृद्धि को प्रोत्साहित करने वाले नीतिगत ढांचे के निर्माण के प्रति सरकार की प्रतिबद्धता दोहराई।

## भारतीय फार्मा सेक्टर अब ग्लोबल हब बनने की राह पर

अक्षय कुमार सिंह • जवाहर

नई दिल्ली : भारत का फार्मास्यूटिकल उद्योग अब केवल उत्पादन तक सीमित नहीं रहा बल्कि वैश्विक इन्वेंशन हब बनने की दिशा में निर्णायक कदम उठा रहा है। देश अब 'मेक इन इंडिया' से आगे बढ़कर 'ड्रिस्कवर इन इंडिया' माहल पर फोकस कर रहा है, जहां नई दवाओं की खोज, रिसर्च और अत्याधुनिक तकनीकों का विकास भारत में ही होगा। यह बात सोमवार को शुरू हुए दो दिवसीय नौवें इंडिया फार्मा-2026 सम्मेलन में नीति-निर्माताओं और उद्योग विशेषज्ञों के मंचन में स्पष्ट हुई।

सम्मेलन के उद्घाटन पर केंद्रीय स्वास्थ्य मंत्री जगत प्रकाश नद्वे ने कहा कि भारत ने 'फार्मसी अफ द वर्ल्ड' के रूप में अपनी मजबूत पहचान बनाई है, लेकिन अब समय इन्वेंशन आधारित फार्म इकोसिस्टम तैयार करने का है। उन्होंने 10,000 करोड़ रुपये की ब्योचार्मा शक्ति

स्वास्थ्य मंत्री ने दो दिवसीय इंडिया फार्मा-2026 सम्मेलन का किया उद्घाटन, फार्मास्यूटिकल उद्योग ने नीतियों पर किया मंचन

पहल, प्रमोशन आफ रिसर्च एंड इन्वेंशन इन फार्मा मेडिकल सेक्टर (पीआरआईपी) और प्रोडक्शन लिंकड इंस्टीट्यूट (पीएलआई) योजनाओं का उल्लेख करते हुए कहा कि सरकार अनुसंधान, विनिर्माण और उद्योग-अकादमिक साझेदारी को नई गति दे रही है। अधिकारिक आंकड़ों के अनुसार भारत में करीब 3000 दवा कंपनियां और 10,500 से अधिक दवा

### लेब इंफ्रास्ट्रक्चर को मजबूत करने पर जोर

फार्मास्यूटिकल्स विभाग के सचिव मनोज जोशी ने कहा कि भारत को इन्वेंशन हब बनाने के लिए लेब इंफ्रास्ट्रक्चर मजबूत करना, सरकारी लेब नेटवर्क का विस्तार और उद्योग-अकादमिक शोध संस्थानों में सहयोग जरूरी है। स्टार्टअप को बढ़ावा देने के लिए सहायता रिसर्च इकोसिस्टम तैयार किया जा रहा है।

निर्माण इकाइयां हैं, जो इसे दुनिया के सबसे बड़े फार्म नेटवर्क में शामिल करती हैं। भारत वैश्विक स्तर पर तीसरा सबसे बड़ा दवा उत्पादक (वाल्यूम के आधार पर) है और दुनिया की लगभग 20 प्रतिशत जेनेरिक दवाओं की आपूर्ति करता है। वैश्वीय उत्पादन में भारत का योगदान 60 प्रतिशत तक है और देश से दवाएं 200 से अधिक देशों में निर्यात की

जाती हैं। वित्त वर्ष 2023-24 में भारतीय फार्मा उद्योग का आकार करीब सत्रह खर लाख करोड़ (50 अरब डॉलर) रहा, जिसमें लगभग 2.2 लाख करोड़ (26.5 अरब डॉलर) का निर्यात शामिल है।

सम्मेलन को संबोधित करते हुए केंद्रीय राज्य मंत्री अनुग्रिया पटेल ने बताया कि भारत वैश्विक स्तर पर 20 प्रतिशत जेनेरिक दवाओं और 70 प्रतिशत कैन्सर की आपूर्ति करता है। वर्ष 2030 तक बायोसिमिलर बाजार लगभग 6.3 लाख करोड़ तक पहुंच सकता है, जिससे भारत के लिए बड़े अवसर खुलेंगे। उद्योग आकलनों के मुताबिक भारतीय फार्मा सेक्टर 2030 तक करीब 10 लाख करोड़ से 11 लाख करोड़ तक पहुंच सकता है। ऐसे में मजबूत मैनुफैक्चरिंग आधार के साथ यदि नीति, फंडिंग और रिसर्च का प्रभावी समन्वय होता है, तो भारत विश्वस्तर पर न केवल फार्मसी आफ द वर्ल्ड बल्कि ग्लोबल इन्वेंशन हब के रूप में भी अपनी पहचान स्थापित कर सकता है।

## 9th India Pharma Highlights Policy Push and Innovation Driving Sectoral Growth

NEW DELHI

The 9th edition of India Pharma 2026, the flagship event of the Department of Pharmaceuticals (DoP), Ministry of Chemicals & Fertilizers, Government of India, commenced today in New Delhi. Organized in collaboration with the Federation of Indian Chambers of Commerce and Industry (FICCI) and the Indian Pharmaceutical Alliance (IPA), the two-day conference (April 13–14) brings together key stakeholders from across the global pharmaceutical and healthcare ecosystem, with a strong focus on innovation, self-reliance, and global leadership.

Addressing the inaugural session virtually Union Minister of Health & Family Welfare and

Chemicals & Fertilizers, Shri J.P. Nadda, emphasized that the platform reflects both the strength and growing global relevance of India's pharmaceutical sector. "In this evolving environment, India is well positioned not only to adapt but to emerge as a global leader," he stated. Reaffirming the Government's commit-

ment to fostering innovation and strengthening research capabilities, he highlighted the recently launched Biopharma Shakti Initiative with an outlay of ₹10,000 crore, aimed at advancing capabilities in biopharmaceutical innovation under the leadership of Prime Minister Shri Narendra Modi.

## Pharma sector must 'leapfrog' into innovation phase to meet 2047 goals: Pharmexcil Chairman

TBG NETWORK  
NEW DELHI

The Indian pharmaceutical industry must enter a dedicated "innovation phase" over the next five years if it is to meet its long-term global ambitions, said Namit Joshi, Chairman of the Pharmaceuticals Export Promotion Council of India (Pharmexcil), on the sidelines of the India Pharma 2026 event organised by the Federation of Indian Chambers of Commerce and Industry (FICCI).

"We have to leapfrog from a particular value by 2030, and if we want to achieve the ambition of 2047, then these are five years, in which we must enter the in-

novation phase," Joshi said. He stressed that relying on generics alone is no longer sufficient for growth. Because we have seen that in the generic space, it is not helping us. We are not getting any help. So, this is not

a need to have, it is a must to have, innovation.

Joshi noted that competing nations have already moved ahead on the innovation curve. "Our competing nations have moved ahead, and we should. In this meet-

ing, it was decided that we must innovate and leapfrog in value," he said. "All efforts are being made in this discussion."

While India is the third largest globally by volume in pharmaceutical exports, it ranks only 14th by value. "We sell volumes. We are third largest in volume, in export. But we are 14th ranked in value. So, how can we come in 10th rank, 5th rank, and then top 5 value-wise ranking. All efforts are in this discussion," Joshi added. Addressing the impact of the West Asia conflict and global supply chain disruptions, Joshi drew parallels to the COVID-19 crisis in 2020.

## भारत ग्लोबल फार्मा सेक्टर में लीड करने के लिए तैयार: जे.पी. नड्डा

नई दिल्ली ■ जबलपुर दर्पण  
[www.jabalpurdarpan.in](http://www.jabalpurdarpan.in)

भारत सरकार के रसायन और उर्वरक मंत्रालय के फार्मास्यूटिकल्स विभाग का मुख्य कार्यक्रम, इंडिया फार्मा 2026 का 9वां संस्करण आज नई दिल्ली में शुरू हुआ। फेडरेशन ऑफ इंडियन चैंबर्स ऑफ कॉमर्स एंड इंडस्ट्री और इंडियन फार्मास्यूटिकल अलायंस के सहयोग से आयोजित यह दो-दिवसीय सम्मेलन ग्लोबल फार्मास्यूटिकल और हेल्थकेयर इकोसिस्टम के प्रमुख हितधारकों को एक साथ लाता है, जिसमें इनोवेशन, आत्मनिर्भरता और ग्लोबल लीडरशिप पर विशेष जोर दिया गया है।

उद्घाटन सत्र को वर्चुअली संबोधित करते हुए, केंद्रीय स्वास्थ्य और परिवार कल्याण तथा रसायन और उर्वरक मंत्री जे.पी. नड्डा ने इस बात पर जोर दिया कि यह मंच भारत के फार्मास्यूटिकल सेक्टर की ताकत और बढ़ती ग्लोबल प्रासंगिकता, दोनों

को दर्शाता है। उन्होंने कहा कि जहाँ भारत को लंबे समय से सस्ती जेनेरिक दवाओं में अपनी लीडरशिप के कारण रूढ़िनिया की फार्मोसीर के रूप में पहचाना जाता रहा है, वहीं अब ग्लोबल परिदृश्य तेजी से बायोलॉजिक्स, बायोसिमिलर और स्पेशलिटी दवाओं की ओर बढ़ रहा है। उन्होंने कहा, रइस बदलते माहौल में, भारत न केवल खुद को ढालने के लिए, बल्कि एक ग्लोबल लीडर के रूप में उभरने के लिए भी अच्छी स्थिति में है। इनोवेशन को बढ़ावा देने और रिसर्च क्षमताओं को मजबूत करने के प्रति सरकार की प्रतिबद्धता को दोहराते हुए, उन्होंने हाल ही में शुरू की गई 'बायोफार्मा शक्ति पहल' पर प्रकाश डाला। इस पहल के लिए 10,000 करोड़ रुपये का बजट रखा गया है और इसका उद्देश्य प्रधानमंत्री नरेंद्र मोदी के नेतृत्व में बायोफार्मास्यूटिकल इनोवेशन में क्षमताओं को आगे बढ़ाना है।

## भारत ग्लोबल फार्मा सेक्टर में लीड करने के लिए तैयार-जे.पी. नड्डा

(आधुनिक राजस्थान) नई दिल्ली। भारत सरकार के रसायन और उर्वरक मंत्रालय के फार्मास्यूटिकल्स विभाग का मुख्य कार्यक्रम, इंडिया फार्मा 2026 का 9वां संस्करण आज नई दिल्ली में शुरू हुआ। फेडरेशन ऑफ इंडियन चैम्बर ऑफ कॉमर्स एंड इंडस्ट्री और इंडियन फार्मास्यूटिकल अलायंस के सहयोग से आयोजित यह दो-दिवसीय सम्मेलन ग्लोबल फार्मास्यूटिकल और हेल्थकेयर इकोसिस्टम के प्रमुख खिलाड़ियों को एक साथ लाता है, जिसमें इन्वेंशन, आत्मनिर्भरता और ग्लोबल लीडरशिप पर विशेष जोर दिया गया है।

उद्घाटन सत्र को वरुण अली संबोधित करते हुए, केंद्रीय स्वास्थ्य और परिवार कल्याण तथा रसायन और उर्वरक मंत्री जे.पी. नड्डा ने इस बात पर जोर दिया कि यह मंच भारत के फार्मास्यूटिकल सेक्टर को ताकत और बढ़ती ग्लोबल प्रारसंगिकता, दोनों को दर्शाता है। उन्होंने कहा कि जहाँ भारत को लंबे समय से सस्ती जेनेरिक दवाओं में अपनी लीडरशिप के कारण दुनिया की फार्मसी के रूप में पहचाना जाता रहा है, वहीं अब ग्लोबल परिदृश्य तेजी से बायोफार्मास्यूटिकल्स, बायोसिमिलर और स्पेशलिटी दवाओं की ओर बढ़ रहा है। उन्होंने कहा, इस बदलते माहौल में, भारत न केवल खुद को खलने के लिए, बल्कि एक ग्लोबल लाइवर के रूप में उभरने के लिए भी अच्छी स्थिति में है। इन्वेंशन को बढ़ावा देने और रिसर्च क्षमताओं को मजबूत करने के प्रति सरकार की प्रतिबद्धता को दोहराते हुए, उन्होंने हाल ही में शुरू की गई बायोफार्मा रॉक फाउंडेशन पर प्रकाश डाला। इस पहल के लिए 10,000 करोड़ रुपये का बजट रखा गया है और इसका उद्देश्य प्रधानमंत्री नरेंद्र मोदी के नेतृत्व में बायोफार्मास्यूटिकल इन्वेंशन में क्षमताओं को आगे बढ़ाना है।

उन्होंने फार्मास्यूटिकल्स और मेडिकल टेक्नोलॉजी में रिसर्च को बढ़ावा देने वाली

पीआरआईपी योजना जैसी पूरक पहलों पर भी जोर दिया। इन पहलों का उद्देश्य इंडस्ट्री और एकेडेमिया के बीच सहयोग को गहरा करना और इन्वेंटेड उपचारों के विकास में तेजी लाना है। फेरुलू मैनुफैक्चरिंग को मजबूत करना एक अहम प्राथमिकता बनी हुई है, जिसे प्रोडक्शन लिंकड इंसेटिव जैसी योजनाओं और आत्मनिर्भरता व मजबूत सप्लाइ चेन को बढ़ाने के लिए बल्क ड्रग पार्कों के विकास से समर्थन मिल रहा है। उन्होंने प्रधानमंत्री भारतीय जन औषधि परियोजना जैसी पहलों के जरिए किफायती स्वास्थ्य सेवा के प्रति सरकार की प्रतिबद्धता को भी दोहराया; ये पहले पूरे देश में किफायती कीमतों पर अच्छी क्वालिटी की दवाइयों तक पहुंच का विस्तार कर रही है। उन्होंने आगे कहा कि इंडिया फार्मा 2026 इस क्षेत्र के लिए बातचीत, साझेदारी और एक भविष्य-उन्मुखी रोडमैप को बढ़ावा देने के लिए एक महत्वपूर्ण मंच प्रदान करता है।

स्वास्थ्य एवं परिवार कल्याण और रसायन एवं उर्वरक राज्य मंत्री, श्रीमती अनुप्रिया पटेल ने इस बात पर जोर दिया कि भारत एक वैश्विक जेनेरिक लीडर से एक उभरते हुए बायोफार्मा इन्वेंशन हब में बदलने के एक महत्वपूर्ण दौर से गुजर रहा है। उन्होंने बताया कि भारत वर्तमान में वैश्विक जेनेरिक दवाइयों में लगभग

20 प्रतिशत का योगदान देता है और वैश्विक वैक्सिन की मांग का लगभग 70 प्रतिशत पूरा करता है, जो देश की मजबूत मैनुफैक्चरिंग क्षमताओं को दर्शाता है।

भविष्य के अवसरों पर जोर देते हुए, उन्होंने कहा कि बायोफार्मास्यूटिकल्स और बायोसिमिलर्स की वैश्विक मांग तेजी से बढ़ रही है, और बायोसिमिलर्स का बाजार 2030 तक 75 अरब डॉलर तक पहुंचने का अनुमान है। उन्होंने आगे बताया कि वैश्विक फार्मास्यूटिकल बाजार के मूल्य में लगभग 87 प्रतिशत हिस्सा इन्वेंटेड दवाइयों का है, जो इस बात को रेखांकित करता है कि भारत को इन्वेंशन-आधारित क्षेत्रों पर अपना ध्यान और तेज करने की जरूरत है। श्रीमती पटेल ने दवा की खोज और विकास में आर्टिफिशियल इंटेलिजेंस के एकीकरण की रूपरेखा भी प्रस्तुत की। उन्होंने उन्नत अनुसंधान और इन्वेंशन को समर्थन देने के लिए एनआईडीए और आईआईटी जैसे प्रमुख संस्थानों के माध्यम से मानव संसाधन को मजबूत करने के महत्व पर जोर दिया। फार्मास्यूटिकल्स विभाग के सचिव, मनोज जोशी ने इन्वेंशन की समय-सीमा को तेज करने, स्टार्टअप इकोसिस्टम को मजबूत करने और क्लिनिकल ट्रायल व उन्नत अनुसंधान के लिए एक मजबूत बुनियादी

रुखा तैयार करने की आवश्यकता पर जोर दिया। उन्होंने बेहतर फंडिंग तंत्र, उद्योग और सरकार के बीच घनिष्ठ सहयोग, और कुशल प्रतिभा के विकास के महत्व को रेखांकित किया। स्वास्थ्य एवं परिवार कल्याण मंत्रालय की सचिव श्रीमती पुष्पा सलिला श्रीवास्तव ने निरामक इकोसिस्टम को मजबूत करने और इन्वेंशन को बढ़ावा देने के प्रति सरकार की प्रतिबद्धता को दोहराया। उन्होंने बताया कि मंजूरी की प्रक्रियाओं को सुव्यवस्थित करने और अनुसंधान करने में आसानी को बेहतर बनाने के लिए कई कदम उठाए गए हैं, जिसका उद्देश्य भारत को दुनिया की फार्मसी से दुनिया के लिए एक इन्वेंटर में बदलना है। फिब्रो फार्मा समिति के अध्यक्ष अर्जुन जुनेजा ने भारत के मजबूत फार्मास्यूटिकल आधार पर जोर देते हुए बताया कि यहाँ 3,000 से ज्यादा कंपनियाँ और 10,500 से ज्यादा मैनुफैक्चरिंग सुविधाएँ मौजूद हैं, जिनमें यूएस की सबसे ज्यादा सुविधाएँ भी शामिल हैं। संयुक्त राज्य अमेरिका के बाहर एकट्रीए-अनुरूप प्लांट। उन्होंने इन्वेंशन-आधारित विकास को बढ़ावा देने के लिए भारतीय और वैश्विक खिलाड़ियों के बीच गहरे सहयोग की आवश्यकता पर जोर दिया। फिब्रो फार्मा समिति के सह-अध्यक्ष अचिन गुप्त ने धन्यवाद प्रस्ताव दिया। दो दिवसीय सम्मेलन और प्रदर्शनी में इन्वेंशन के लिए नीतिगत ढाँचों, दवा खोज में आर्टिफिशियल इंटेलिजेंस, अगली पीढ़ी की तकनीकों और जीवन विज्ञान के क्षेत्र में भारत की वैश्विक प्रतिस्पर्धात्मकता को बढ़ाने की रणनीतियों पर चर्चा होगी। इस कार्यक्रम से फार्मास्यूटिकल क्षेत्र के भविष्य के रोडमैप को आकार देने और एक वैश्विक स्वास्थ्य सेवा नेता के रूप में भारत की स्थिति को मजबूत करने में महत्वपूर्ण भूमिका निभाने की उम्मीद है।

### India Pharma 2026 Showcases Sectoral Transformation Through Four Key Plenary Discussions

**New Delhi, Focus News:** The first day of the 9th India Pharma 2026 witnessed four high-impact plenary sessions that brought together policymakers, industry leaders, regulators and technology experts to chart the future of India's pharmaceutical and life sciences ecosystem. The discussions reflected a strong consensus on accelerating innovation through policy support, regulatory transformation and adoption of next-generation technologies. The inaugural plenary session on "Policy Thrust for Catalysing Innovation", highlighted the urgent need to bridge the gap between policy intent and on-ground execution. Shri Manoj Joshi, Secretary, Department of Pharmaceuticals, emphasised industry-led model for Research and Development, importance of strengthening government lab networks and attuning regulatory model to that of European systems. Shri Rajiv Bahl, Secretary Department of Health Research said though research funding has increased manifold over the last few years, the country needs a Bharat model of R & D with confidence of the market in the innovators and increased trust between industry and academia. Industry leaders echoed the need for increased venture capital participation and co-funding mechanisms to nurture research-driven enterprises, stronger industry-academia integration and underscored the importance of integrated ecosystems to translate early-stage discoveries into global solutions. The session concluded with a strong call to "Discover in India" and position the country as a global innovation hub. The second plenary session on "Enabling Regulatory Ecosystem to Foster Innovation" focused on creating a predictable, efficient and globally aligned regulatory framework. Dr. Rajeev Singh Raghuvanshi, Drug Controller General of India highlighted the importance of stakeholder consultations in shaping responsive regulatory systems. Industry Experts called for expedited approval pathways, single-window clearance mechanisms and greater global harmonisation to reduce duplication and accelerate patient access. Industry leaders further underlined the need for digital enablement and continuous collaboration between regulators and industry. The session underscored that a future-ready regulatory ecosystem will be critical to unlocking next-generation therapies and strengthening India's global competitiveness. The third plenary session on "Harnessing AI and Next-Gen Technologies for Disruptive Innovation" explored the transformative potential of artificial intelligence across the pharmaceutical value chain. Pharma leaders emphasised reimagining processes rather than merely digitising existing systems. They highlighted the growing importance of strong data and technology foundations to enable scalable AI adoption and stressed the immediate benefits of automation in improving clinical efficiency. The session concluded on a forward-looking note, with experts agreeing that AI will play a pivotal role in accelerating drug discovery, enabling precision medicine and shaping a smarter, innovation-led healthcare ecosystem. The fourth plenary session on "Unleashing India's CRDMO Potential" brought focus to India's growing role in the global Contract Research, Development and Manufacturing Organization (CRDMO) landscape. The panel noted that India's CRDMO industry, currently valued at around \$8 billion, has been growing at a robust pace of 10-12 percent, reflecting strong global

## India Pharma 2026 concludes with strong push for innovation, funding and global positioning

**BK JHA**

NEW DELHI, APRIL 14

THE 9th edition of India Pharma 2026 concluded on a forward-looking note, with policymakers, industry leaders and researchers converging on a clear consensus—India must accelerate innovation, strengthen funding ecosystems and build world-class infrastructure to remain globally competitive in pharmaceuticals and biopharma. Over two days, the flagship event of the Department of Pharmaceuticals brought together more than 800 delegates and 60 speakers across 10 sessions, underlining its growing relevance in shaping the sector's future.

Delivering the valedictory address, Joint Secretary Satyaprakash T L emphasized that “funding, infrastructure and speed” will define the next phase of India's pharmaceutical growth. He stressed that coordinated action between government, industry and academia is no longer optional but

essential, noting that India must proactively position itself in the evolving global landscape to stay competitive.

Industry voices echoed this urgency. Dilip Shanghvi pointed out that while India has established itself as a global leader in generics, the transition towards innovation-led growth requires high-risk investments and shared responsibility. Pankaj Patel outlined an ambitious vision of developing 100 new drugs by 2047, calling for a near doubling of R&D investment to 12–15 percent. Meanwhile, Renu Swarup highlighted India's strengthened innovation value chain, noting that the country's bioeconomy has already reached nearly \$195 billion, validated by its performance during the COVID-19 pandemic.

The concluding sessions also spotlighted financing gaps, regulatory harmonisation and the need for deeper industry-academia collaboration. Leaders from global firms and think tanks emphasized

that India has the potential to create a global template for affordable advanced therapies, delivering high-end treatments at a fraction of global costs.

The momentum built over the two days was rooted in strong policy signals on the opening day, April 13. In his inaugural address, Union Health Minister J. P. Nadda underlined that India is poised to move beyond its identity as the “pharmacy of the world” to become a global leader in biologics, biosimilars and specialty medicines. He highlighted major government initiatives, including the Rs 10,000 crore Biopharma Shakti programme, backed by Prime

Minister Narendra Modi, aimed at strengthening innovation and research capabilities.

Minister of State Anupriya Patel reinforced this shift, noting that while India accounts for 20 percent of global generics and 70 percent of vaccine supply, the future lies in innovation-driven segments, particularly as biologics markets expand rapidly. She also emphasized the role of artificial intelligence and talent development through institutions such as NIPERs and IITs.

Senior officials, including Secretary Manoj Joshi and Health Secretary Punya Salila Srivastava, highlighted regulatory reforms, faster approvals and stronger research ecosystems as key enablers.

As India Pharma 2026 draws to a close, the message is unequivocal: India stands at a pivotal inflection point—from a volume-driven powerhouse to a high-value, innovation-led global pharmaceutical hub. -PBD

NEW DELHI: India's pharmaceutical industry must focus on both generics and innovative products, as well as develop products specially tailored for the country's patient needs.

Domestic companies particularly smaller to mid-sized players can carve out a strong role in rare diseases and niche patient segments, where agility and specialised research can drive meaningful breakthroughs, pharma leaders said at India Pharma 2026 on

India Pharma 2026 concludes with strong push for funding, infra & faster innovation

## **India Pharma 2026 concludes with strong push for funding, infrastructure and faster innovation**

New Delhi, Apr 14 (UNI) The two-day 'India Pharma 2026' summit concluded on Tuesday with a strong consensus among policymakers, industry leaders and researchers on the need to enhance funding, build robust infrastructure and accelerate processes to drive the next phase of pharmaceutical innovation in the country.

The 9th edition of the event, organised by the Department of Pharmaceuticals under the Ministry of Chemicals and Fertilizers in association with FICCI and Indian Pharmaceutical Alliance, witnessed participation from over 800 delegates and more than 60 national and international speakers across 10 sessions.

Deliberations on the second day centred on strategic investments and forward-looking approaches to strengthen India's pharmaceutical and biopharma ecosystem. Two plenary sessions and a valedictory session focused on building a resilient financing ecosystem and charting innovation-led growth pathways.

Addressing the valedictory session, Satyaprakash T L, Joint Secretary in the Department of Pharmaceuticals, said discussions converged around three critical enablers—funding, infrastructure and speed—required to sustain growth. He stressed that coordinated action among government, industry and academia would be key to ensuring India remains competitive in the evolving global pharmaceutical landscape.

India Pharma 2026 Ends: Funding, Infrastructure, Speed Key to Drug Innovation

## India Pharma 2026 Ends: Funding, Infrastructure, Speed Key to Drug Innovation

The India Pharma 2026 event concluded with a focus on funding, infrastructure, and execution speed as critical drivers for pharmaceutical innovation. Stakeholders from industry, finance, and policy emphasized the need for strategic investments and diverse capital avenues like venture capital and public-private partnerships. Sessions highlighted the importance of sustained R&D investment, improved market access, and innovative financing models across the drug development value chain. The consensus was that deeper collaboration and a shift towards innovation are essential for India's growth in advanced therapeutics.

### India Builds Strong Foundations In Pharma, Shifts Towards Innovation-Led Development: Experts

On Apr 14, 2026

New Delhi, April 14 (IANS) While India has built strong foundations in pharmaceuticals, the next phase of growth will require bold investments, deeper ecosystem collaboration, and a shift towards innovation-led development to position the country as a global leader in advanced therapeutics, experts said on Tuesday.

The two-day 'India Pharma 2026', organised by the Department of Pharmaceuticals, in association with FICCI and IPA, New Delhi, successfully concluded here. The event witnessed participation from over 800 delegates across both days, with more than 60 speakers engaging in 10 sessions including six plenary sessions, supported by over 20 partner organisations.

Satyaprakash TL, Joint Secretary, Department of Pharmaceuticals, noted that discussions across sessions converged around three critical enablers for the next phase of growth — funding, infrastructure and speed.

## Two-day 'India Pharma 2026' concludes with strong call for enhanced funding, infrastructure and speed to drive pharmaceutical innovation

April 14, 2026

**14 April 2026:** The 9th edition of India Pharma 2026, organised by the Department of Pharmaceuticals, Ministry of Chemicals & Fertilizers, Government of India, in association with FICCI and IPA, New Delhi, successfully concluded today, after two days of extensive deliberations aimed at strengthening India's pharmaceutical and biopharma ecosystem.

CDSCO reforms cut trial approval timelines by over 50%: DCGI Dr Rajeev Raghuvanshi

<https://www.indianpharmapost.com/drug-approval/cdsc-reforms-cut-trial-approval-timelines-by-over-50-dcgi-dr-rajeev-raghuvanshi-19713>

## CDSCO reforms cut trial approval timelines by over 50%: DCGI Dr Rajeev Raghuvanshi

*Outlines 1,500-member internal cadre, digital regulatory system, and faster SEC-led reviews*

By [Rahul Koul](#) | April 14, 2026

Dr Rajeev Raghuvanshi, Drug Controller General of India (DCGI) has detailed the structural changes underway at the Central Drugs Standard Control Organization (CDSCO) to strengthen long-term internal capacity and improve approval efficiency at the India Pharma 2026 event held by Department of Pharmaceuticals, FICCI and IPA in New Delhi.

"A major reform includes the sanctioning of 1,500 positions to build an internal regulatory cadre within CDSCO, a move designed to address longstanding manpower gaps and reduce dependence on external review resources," said Dr Raghuvanshi who also highlighted efforts to rationalise the regulatory burden by

removing certain categories of drugs from direct CDSCO purview, alongside proposed changes based on stakeholder feedback that are expected to further shorten clinical trial review timelines.
